

# Thru-Wall or Window Refrigerator-AC

*Compact, Economical, Energy Efficient, Quiet Combination Appliance*

*Great for dorms, colleges, small apts, rooms, offices, hotels, RVs, etc.*

- **Saves Space, private, convenient.**
- **Costs less to buy & maintain than a separate Fridge & AC.**
- **Saves Electricity by freezing water at night to let it melt during day and uses fan coils for cooling.**
- **Can be used all year round as a refrigerator.**
- **Can also heat &/or humidify indoor air.**
